Address _____ City _____ State _____ Zip _____

Date of request _____

Non-Constituent Tuition Subsidy Policy & Guidelines: To be considered for the tuition assistance for students attending Collegedale Academy, Georgia-Cumberland Academy, or other SDA academy, the families must meet the constituent requirements. Non-constituent tuition assistance may also be extended to qualified member families with students attending a local Adventist primary school if there are no openings in the student's grade level at OAKS. Each case would be assessed to determine eligibility. The amount of assistance would be limited to no greater than the constituent difference for students at OAKS.

_____ The requesting parent (or both parents if SDA) must be a member of the Ooltewah SDA Church prior to application.

_____ Parents must be in regular attendance (at least twice monthly) at the Ooltewah Church. Students are encouraged to attend with their parents. It is good to see the young people that we are prayerfully assisting.

_____ Families requesting subsidy must be faithful in returning tithes and in supporting the Ooltewah Church in offerings and through participation in church ministries.
